Mission Road Water Main Extension to Begin

ELLCOTT CITY, MD – A Howard County construction project to extend public water along Mission Road in Jessup is scheduled to begin on or about Monday, March 15. The project will include construction of approximately 2,300 linear feet of a 12-inch diameter PVC water main to serve 8564 Mission Road. The majority of the work will take place along the west-bound lane of Mission Road in the vicinity of Concord Drive. Weather permitting, the project should be completed by mid-June.

During the project, the impact on residents in the surrounding area should be minimal. Throughout the weekdays, there may be delays during the hours of 9 a.m. to 3 p.m. as a result of slow moving traffic. Flagging operations will be in place to direct traffic as needed, and signs will be posted to advise motorists of the construction.

For questions or concerns about Capital Project S-6272, contact Lisa Brightwell, Public Works Customer Service, at 410-313-3440, or by e-mail to publicworks@howardcountymd.gov.
